Coimbatore, TamilNadu

sanjeevikumardhanapal2005@gmail.com

OBJECTIVE

M.Tech Computer Science student with a strong foundation in Java, Python, and full-stack web development. Experienced in building real-world applications, including AI-based systems using RAG and LLMs. Passionate about developing scalable software solutions and continuously enhancing technical and problem-solving skills.

EDUCATION

2021 - 2023

CMS VIDYA MANDIR MATRICULATION HIGHER SECONDARY SCHOOL

Percentage - 87.4

Coimbatore, Tamil Nadu

2023 - 2028

SRI KRISHNA COLLEGE OF ENGINEERING AND TECHNOLOGY

CGPA - 8.2

M.Tech.CSE (III Year)

Coimbatore, Tamil Nadu

SKILLS

- **Programming Languages** : Java, Python, C
- **AI & Machine Learning** : RAG (Retrieval Augmented Generation), FAISS, Sentence Transformers, LLM APIs
- **Data Structures & Algorithms** : Arrays, Strings, Linked Lists, Searching, Sorting, Dynamic Programming
- **Cloud Platforms** : AWS, AZURE, GCP
- **DataBase** : MYSQL
- **Tools/ Platforms** : VS Code, GitHub, Streamlit

PROJECTS

Gate AI Assistant - Retrieval Augmented Generation System

Live Demo: <https://gate-rag-system.streamlit.app>

- Developed an end-to-end Retrieval Augmented Generation (RAG) based AI assistant that performs semantic search over GATE syllabus and previous year question papers to generate context-aware explanations, mock tests, and trend insights using FAISS vector database and LLM inference.
- Tech Stack: Python, RAG, FAISS, Sentence Transformers, Groq LLM API, Streamlit

AI Interview Coach

- Implemented an AI-driven interview assistant using LLM APIs to generate role-based questions and evaluate user responses. Added voice input support, real-time scoring, and analytics with React frontend, Spring Boot backend, and cloud deployment.
- Tech Stack: Java, Spring Boot, React.js, RESTful APIs, LLM Integration, Voice Recognition APIs, MySQL, Git

Quiz Management System

Live Demo: <https://quizmastersk.netlify.app/>

- Developed a secure and user-friendly quiz platform using Spring Boot and React, enabling automated quiz creation, instant scoring, and real-time performance feedback.
- Tech Stack: Java, Spring Boot, React.js, RESTful APIs, MySQL, Git, MVC Architecture

CERTIFICATIONS

- Networking Basics - Cisco Networking Academy
- Data Analytics - NoviTech R&D Pvt Ltd
- Data Structures and Algorithms Using Java - Infosys Springboard
- Python 101 for Data Science - IBM
